

Memo to: White Run Regional Municipal Authority
WRRMA Staff

From: Bill Hill

Date: March 15, 2023

Subject: Sanitary Sewer Service Areas

This memo provides a method for billing future sanitary sewer service areas that extend beyond the existing WRRMA Sanitary Sewer Service Area (as of March, 2023). These additional charges will be required because of additional costs associated with related operational, maintenance, and future equipment replacement costs associated with the expanded Sanitary Sewer Service Area.

Service Area I: Current Sanitary Sewer System Service Area

Service Area II: Future Service Area, Gravity Sewers only; (Grinder Pumps & Pressure Sewers, not authorized)

Service Area III: Future Service Area, Gravity Sewers and one (1) Wastewater Pumping Station (Constructed in accordance with WRRMA Pumping Station Standards)

Service Area IV: Future Service Area, Gravity Sewers and two (2) Wastewater Pumping Station required for sanitary sewer service (Constructed in accordance with WRRMA Pumping Station Standards)

Service Area V: Sanitary Sewer Service Areas requiring Sanitary Sewer System Improvements and Infrastructure exceeding the Facilities & Equipment listed in Zone IV

Note: (Grinder Pumps & Pressure Sewers, not authorized in Service Areas II, III, IV, and V)

Holding Tank Service Areas:

Service Area A: Existing Holding Tank Service Area

Service Area B: Future Holding Tank Service Areas
